BESPOKE DANCEFLOORS

If you want to make a unique impact, impress your guests with a Mirror bespoke dancefloor.

Crafted in Gold, Silver or White, Mirror dancefloors seamlessly reflect the decor of your surroundings providing a timeless, sophisticated glamour to your event.

LED Dancefloors are ideal for a variety of events, such as corporate functions, product launches, concerts and production work. Our most popular designs are our starlit floors with white LEDs for weddings, engagements and Christmas parties.

Or you can step back in time with our Disco Retro dancefloor recreating the classic 70's era. The LEDs are virtually unbreakable making them ideal for exhibition and display use as well as being a classic dance floor.

You only get one chance in presenting your show well – why leave it to chance?  
Leave it to the professionals with over 25 years experience in Party lighting and Rigging.

From transforming an ordinary venue into a beautiful palace of light and colour to simply pin spotting table centrepieces, whatever your requirement, Dancing on Stars can create the perfect light show. Each show comes with a dedicated lighting engineer. Dancing on Stars only invest in the best lighting equipment.

We specialize in the production of Conferences, Exhibitions and Live Events ranging from Product Launches, Awards Ceremonies to Fashion Shows. We will expertly develop a bespoke design for your event including staging, lighting and audiovisual. We utilize the latest technology to make sure your delegates can be seen and heard by all.

Event management can be daunting - so this is why we can manage your event from start to finish, to guarantee your seminar is a success. We can also provide videographers to film each and every moment.

Uplighting can make any venue look amazing. Also known as mood lighting, it is extremely popular for weddings as it can change the colour of the whole room with ease to match your chosen wedding colours. Whether you want a single colour or a combination of complementary colours, our uplighters can create exactly the look you need.
